BT's Activity Selection is on the internet! It can be accessed at: <https://my.campminder.com/login.aspx>
OR by going to the birch trail website (www.birchtrail.com) and clicking on *register here for 2008*, which will take you to your login page.

Once you are on the login page you can enter your user name and password (the same user name and password you used to register your daughter for camp) and click "log in". If you do not know your user name and password, please contact us and we can provide them for you.

You will be directed to the Parents Menu where you will select the option for Activity Preferences. On the Activity Preferences page you and your daughter can select the activities she would like to do this summer. You will need to select 16 activities. If you have any questions let us know!
